## TRANSCRIPT

Guys, be careful of the **friendzone**

When I met my girlfriend, she was a vegetarian and I wasn't.

We went on **dates** and on every **date**, she said It's better to be vegetarian.

What I didn't care and I ate meat.

And then one day after years of dating and thousands of **tiny** comments, I woke up realizing I had stopped eating meat.

Why? Because the people you **spend time** with **end up** changing you.

It actually goes both ways. I learned a lot from spending time with Nas. I'm a lot more **ambitious** now and I use my time much more efficiently. I use every day to do something to work towards my **goals**.

If your friends are vegetarian, you will become vegetarian.

If your friends are athletic, you will become athletic.

So be careful of the people you **hang around** because over time, you might become just like them. That's one minute. See you tomorrow.

**Your task:**

Watch the video again and write an email to a friend telling him or her about this video we analyze in class. Send this by Whatsapp or by email:
